HAIER THERMOCOOL AIR SOLUTIONS

Comfort Made Easier

ULTIMATE HEALTH

ULTIMATE POWER

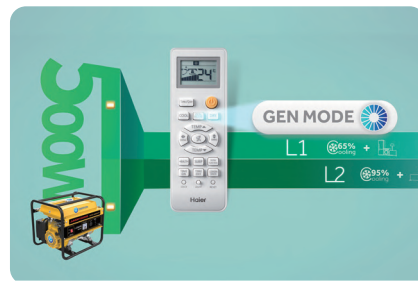

ULTIMATE COMFORT

70% Electricity Saver

Inverter Plus achieves high working efficiency at all frequency phases. The cooling/heating performance is much faster and more powerful, saving up to 75% of electricity.

2-Level Gen Mode

The special control program enables the air conditioner to work on 2 different levels at GEN mode. The air conditioner operates 50% of the maximum power at L1, and 85% at L2. *GenPAL LUX has 3 levels.

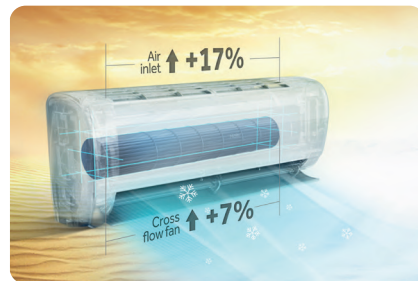

Nano Aqua Sterilization

Ionization draws out radicals significantly in the moisture air to further interact with odorous substance, so it can restore a fresh environment.

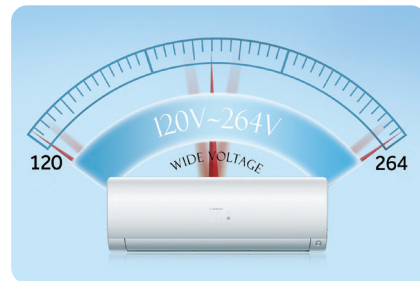

Self-Clean

Freezes the evaporator with moisture in the air, and removes away dirt in rapid melting, ensuring the air that comes out of air conditioners is always healthy for you.

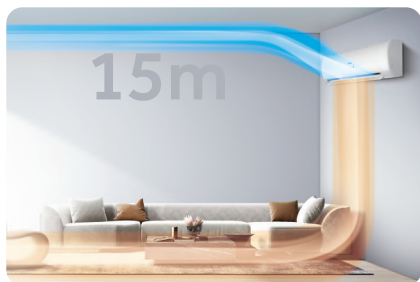

Turbo Cool

Enables motor to run at higher frequency while "Turbo" mode is turned on, allowing you to enjoy up to 47% faster cooling.

Wide Voltage Operation

Inverter Plus adjusts DC voltage to achieve stable operation between 120V-264V with ideal voltage control. You can enjoy cool air despite power fluctuations.

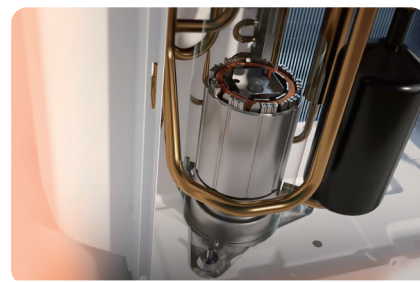

Long Air Throw

The indoor unit get improved with better motor, optimized fan and air duct. It enables the air conditioner to blow air as long as 15m.

Quiet Operation

15dB(A) whispering air is even quieter than your imagination. While the air conditioner is working, you don't notice its existence. Therefore, you can concentrate on what you're doing.

Inverter Plus

Integrates TLFM inverter control, PID inverter control and A-PAM inverter control to achieve smart control of the air conditioner, and in the meanwhile, maximize comfort, reliability and efficient performance.

GenPAL^{LUX} HSU-18CINP

2 HP Inverter Split Air Conditioner

Grey

- Generator Friendly
- Nano-aqua Sterilization
- Self-Clean
- Energy Saving, Up to 70%
- 140V - Low Voltage Operation
- Up to 15M Long Distance Air Supply
- DC Inverter Technology

GenPAL^{LUX} HSU-12CINP

1.5 HP Inverter Split Air Conditioner

Grey

- Generator Friendly
- Nano-aqua Sterilization
- Self-Clean
- Energy Saving, Up to 70%
- 140V - Low Voltage Operation
- Up to 15M Long Distance Air Supply
- DC Inverter Technology

GenPAL™ HSU-18LNEB

2 HP Inverter Split Air Conditioner

White

- Generator Friendly
- Turbo Cooling
- Self-Clean
- 140V - Low Voltage Operation
- Energy Saving, up to 70%
- Up to 15M Long Distance Air Supply
- DC Inverter Technology
- Quiet Operation

GenPAL™ HSU-12LNEB

1.5 HP Inverter Split Air Conditioner

White

- Generator Friendly
- Turbo Cooling
- Self-Clean
- 140V - Low Voltage Operation
- Energy Saving, up to 70%
- Up to 15M Long Distance Air Supply
- DC Inverter Technology
- Quiet Operation

GenPAL™ HSU-09LNEB

1 HP Inverter Split Air Conditioner

White

- Generator Friendly
- Turbo Cooling
- Self-Clean
- 140V - Low Voltage Operation
- Energy Saving, up to 70%
- Up to 15M Long Distance Air Supply
- DC Inverter Technology
- Quiet Operation

TUNDRA™ HSU-18TESN

2 HP Inverter Split Air Conditioner

White

- Turbo 1minute Fast Cooling
- 175V - Low Voltage Operation
- 100% Copper Condenser
- Up to 15M Long Distance Air Supply
- Quiet Operation

TUNDRA™ HSU-12TESN

1.5 HP Inverter Split Air Conditioner

White

- Turbo 1minute Fast Cooling
- 175V - Low Voltage Operation
- 100% Copper Condenser
- Up to 15M Long Distance Air Supply
- Quiet Operation

TUNDRA™ HSU-09TESN

1 HP Inverter Split Air Conditioner

White

- Turbo 1minute Fast Cooling
- 175V - Low Voltage Operation
- 100% Copper Condenser
- Up to 15M Long Distance Air Supply
- Quiet Operation

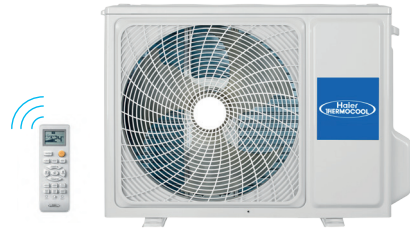

HPU-18CYW

3HP Commercial Split Air Conditioner

White

- Turbo Cooling
- Up to 20m Long Distance Air Supply
- 3D Air Supply
- R410A Refrigerant

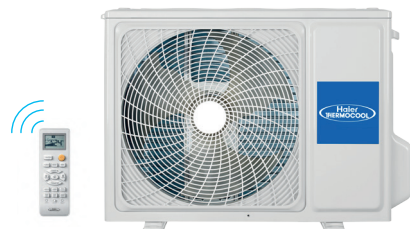

HPU-24CYW

2HP Inverter Split Air Conditioner

White

- Turbo Cooling
- Up to 20m Long Distance Air Supply
- 3D Air Supply
- R410A Refrigerant

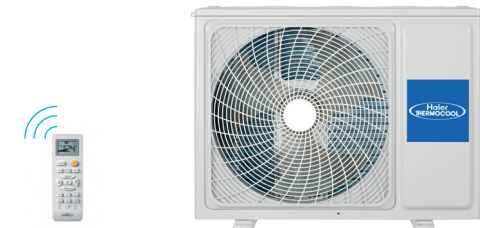

AP48KN1EAA

5HP Inverter Split Air Conditioner

White

- DC Inverter
- 15m Long Distance Air Throw
- Wide Angle 160° Air Supply
- Reliable System Protection
- Child Lock
- 3D Airflow
- Self Clean
- High Efficiency Air-Purify Filter
- Longer Pipe Length up to 60m

AP96FS1ERA

10HP Commercial Split Air Conditioner

White

- DC Inverter
- 15m Long Distance Air Throw
- Wide Angle 160° Air Supply
- Reliable System Protection
- Child Lock
- 3D Airflow
- Self Clean
- High Efficiency Air-Purify Filter
- Longer Pipe Length up to 60m

HAIER THERMOCOOL FREEZERS

Unrivalled Capacity

ULTIMATE STORAGE
ULTIMATE FREEZING
ULTIMATE EFFICIENCY

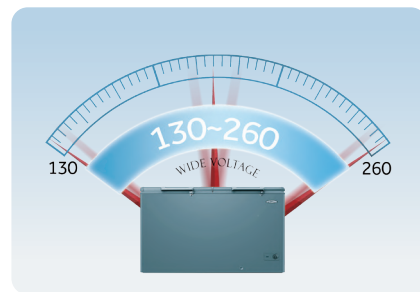

120 Hours Frozen Retention

keeps food frozen up to 5 Days after a power cut (under 32°C temp.).

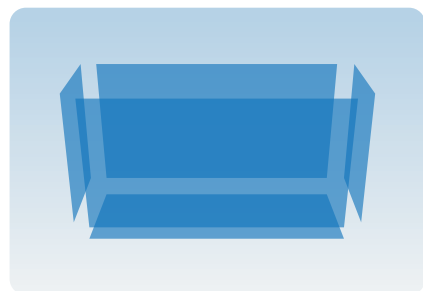

50% Electricity Saver

Power-saving technology cuts down electricity consumption by half.

Wide Voltage Operation

Frequency conversion compressor that operates with no need of voltage stabilizer.

5-Sided Fast Freezing

The 5 side freezing of the freezer enables the foods to pass through the ice crystal formation zone quickly.

Inverter Compressor

for better energy efficiency

Turbo Faster Freezing

Helps freezer attains the lowest temperature faster and also achieve uniform freezing from every part of the freezer.

3D Reversal Circulation

Promotes self-circulation of cool air. Faster cooling with uniform temperature inside the freezer

Electronic Temp. Control

More intelligent and convenient temperature control: One-button quick freezing, Temperature display and alarm

Bacteriostatic Inner Liner

Promotes self-circulation of cool air inside the freezer, giving faster and uniform freezing with low noise.

HTF-1029

1000Litre Double Chest Freezer

Silver

- 4 Days Frozen Retention
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- Castor wheel

HTF-719HB

700Litre Double Chest Freezer

White

- 4 Days Frozen Retention
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- Castor wheel

HTF-519IS

500Litre Inverter Double Chest Freezer

Silver

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

HTF-429IS

420Litre Inverter Double Chest Freezer

Silver

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

HTF-379IS

370Litre Inverter Chest Freezer

Silver

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

HTF-319IW/IS

300Litre Inverter Chest Freezer

Silver

White

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

TF-259IW

250Litre Inverter Chest Freezer

White

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

HTF-259HB

250Litre Chest Freezer

White

- 4 Days Frozen Retention
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- Castor wheel

HTF-219IW/IS

210Litre Inverter Chest Freezer

Silver

White

- 4 Days Frozen Retention
- 50% Energy Saving
- Inverter Compressor
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function
- 30% Faster Freezing
- Castor wheel

HTF-200

200Litre Chest Freezer

- 4 Days Frozen Retention
- Counter-Balance Hinge
- Tropical Climate Class
- Safety lock & keys with handle
- Extra Density Insulation
- Super Freezing Function

HTF-150

150Litre Chest Freezer

- 4 Days Frozen Retention
- Counter-Balance Hinge
- Tropical Climate Class
- Extra Density Insulation
- Super Freezing Function

HTF-100

100Litre Chest Freezer

- 4 Days Frozen Retention
- Anti-rust Cabinet
- Counter-Balance Hinge
- Tropical Climate Class
- Extra Density Insulation
- Super Freezing Function

HTF-379TS

370Litre Inverter Turbo Chest Freezer

- 5 Days Frozen Retention
- 30% Faster Freezing
- Inverter Compressor:
- Deep Freezing
- 50% Energy Saving
- Electronic Control
- Safety lock & keys with handle
- 3D Turbo Freezing
- 3 Years Warranty on cabinet
- Castor wheel

HTF-319TS

310Litre Inverter Turbo Chest Freezer

- 5 Days Frozen Retention
- 30% Faster Freezing
- Inverter Compressor:
- Deep Freezing
- 50% Energy Saving
- Electronic Control
- Safety lock & keys with handle
- 3D Turbo Freezing
- 3 Years Warranty on cabinet
- Castor wheel

HTF-219TS

219Litre Inverter Turbo Chest Freezer

- 5 Days Frozen Retention
- 30% Faster Freezing
- Inverter Compressor:
- Deep Freezing
- 50% Energy Saving
- Electronic Control
- Safety lock & keys with handle
- 3D Turbo Freezing
- 3 Years Warranty on cabinet
- Castor wheel

SD-332

330Litre Ice Cream Freezer

White

- Detachable LED Light Canopy
- Eco-friendly Refrigerant
- Tropicalized and Low Voltage Compressor
- 4 Casters
- Enlarged and Thickened Handle Design
- Extra Density Insulation
- Attractive Curved Appearance

SD-162

162Litre Ice Cream Freezer

White

- Detachable LED Light Canopy
- Eco-friendly Refrigerant
- Tropicalized and Low Voltage Compressor
- 4 Casters
- Enlarged and Thickened Handle Design
- Extra Density Insulation
- Attractive Curved Appearance

HF-250BS

250Litre Upright Freezer

Silver

- Large capacity for ice making
- Double wire layer evaporator
- Strong tray for loading
- 4 Days Frozen Retention
- Super Freezing
- 2-1 Freezer Cooler
- 3-Dimension Freezing,
- CFC free refrigerant
- Safety door lock,
- Tropicalized System
- External Condenser

HF-180BS

240Litre Upright Freezer

Silver

- Large capacity for ice making
- Double wire layer evaporator
- Strong tray for loading
- 4 Days Frozen Retention
- Super Freezing
- 2-1 Freezer Cooler
- 3-Dimension Freezing,
- CFC free refrigerant
- Safety door lock,
- Tropicalized System
- External Condenser

HAIER THERMOCOOL REFRIGERATORS

Redfining Freshness

ULTIMATE FRESHNESS

ULTIMATE HEALTH

ULTIMATE STORAGE

3-in-1 Ice Maker

Dispenser can deliver water, ice-cubes or crushed ice.

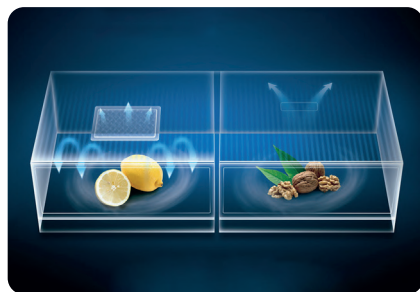

50% Electricity Saver

Power-saving inverter technology cuts down electricity consumption by half.

ABT - 99.99% Sterilization

Natural stone bacterial technology, using Tourmaline and Cordite, has dual bactericidal effect, inhibits bacterial growth and reduces the activity of food metabolic enzymes.

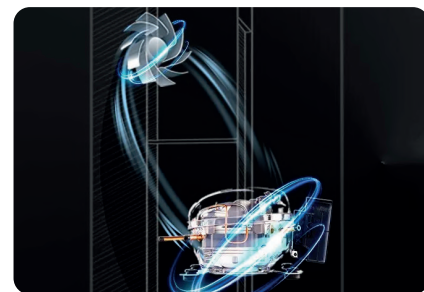

Wet & Dry Zones

Separate Humidity and Dry zones, work for different foods. Humidity zone maintains 90% of humidity level and Dry zone, 45%, which maintain foods' freshness two times longer.

Triple Cooling System

Fridge, freezer and convertible zone have their individual air distribution systems, ensuring stable temperatures in each room, preventing odor tainting issues within the spaces.

Inverter Compressor & Fan

Expert inverter technology enables efficient use of electricity and helps product to last much longer, giving you peace of mind with up to 10 years warranty on the compressor.

My Zone / Switch Zone

A compartment that can operate as both a refrigerator and a freezer to preserve foods nutritional value, according to your needs

Super Cooling & Freezing

Faster cooling in fridge and faster freezing in freezer help to preserve best nutritional value and tastes.

Multi Air-Flow

Each shelf has an air duct to provide the most effective cooling so as to preserve the nutrition, flavour, and freshness of foods for a significantly longer period.

HTF-610DM7

600Litre Inverter Side-by-Side Refrigerator

Silver

- Dry and Wet Storage
- Triple Cooling System
- Inverter Compressor:
- ABT
- Switch Zone
- Convenient Storage Option
- Convertible Zone
- LED Display
- Hidden Handle Design
- Super Freezing Function

HTF-456DM6

450Litre Inverter Side-by-Side Refrigerator

Silver

- Dry and Wet Storage
- Triple Cooling System
- Inverter Compressor:
- ABT
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-540SG6

500Litre Inverter Side-by-Side Refrigerator

Silver

- Triple Cooling System
- Inverter Compressor:
- ABT
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-540WBS

500Litre Inverter Side-by-Side Refrigerator

Black

- Triple Cooling System
- Inverter Compressor:
- ABT
- Water Dispenser
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function
- 10 Years warranty on Compressor

HRF-520IBS

500Litre Inverter Side-by-Side Refrigerator

Black

- Triple Cooling System
- Inverter Compressor:
- ABT
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-619SL

600Litre Inverter Side-by-Side Refrigerator

Black

- Triple Cooling System
- Inverter Compressor:
- ABT
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function

HSR-3918FIMP

600Litre Inverter Side-by-Side Refrigerator

Silver

- Triple Cooling System
- Inverter Compressor:
- ABT
- Water Dispenser
- Ice-Cube Dispenser
- Convenient Storage Option
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-420 IBGA

420Litre Inverter Double Door Refrigerator

Black

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (130V-260V)
- Deep Freezing to -25C
- Up to 50% Energy Saving
- ABT
- 1 unit consumption in 24 hours
- External Condensor
- LED Display
- Hidden Handle Design
- Power Cool Function
- Power Freeze Function
- Turbo Fan

HRF-385 IBGA

385Litre Inverter Double Door Refrigerator

Black

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (130V-260V)
- Deep Freezing to -25C
- Up to 50% Energy Saving
- ABT
- 1 unit consumption in 24 hours
- External Condensor
- LED Display
- Hidden Handle Design
- Power Cool Function
- Power Freeze Function
- Turbo Fan

HRF-350 IBGA

350 Litre Inverter Double Door Refrigerator

Black

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (130V-260V)
- Deep Freezing to -25C
- Up to 50% Energy Saving
- ABT
- 1 unit consumption in 24 hours
- External Condensor
- LED Display
- Hidden Handle Design
- Power Cool Function
- Power Freeze Function
- Turbo Fan

HRF-355BLUX

350Litre Double Door Refrigerator

Silver

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-320BLUX

320Litre Double Door Refrigerator

Silver

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-250BLUX

250Litre Double Door Refrigerator

Silver

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function
- 3 Years warranty on Compressor

HRF-210BLUX

210Litre Double Door Refrigerator

Silver

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-185BLUX

185Litre Double Door Refrigerator

Silver

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

HRF-160BEX

160Litre Double Door Refrigerator

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

Silver

HRF-95-80BEX

90Litre Double Door Refrigerator

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

Silver

HR-195CBG

195Litre Single Glass Door Refrigerator

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

Black

HR-195CS

195Litre Single Door Refrigerator

- 100 Hours Frozen Retention
- Jumbo Freezer
- Wide Voltage Operation (160V-260V)
- Deep Freezing to -25C
- Up to 35% Energy Saving
- External Condensor
- LED Display
- Hidden Handle Design
- Super Freezing Function

Silver

HAIER THERMOCOOL LAUNDRY SOLUTIONS

All Round Protection Looks Good on You

ULTIMATE HYGIENE

ULTIMATE CARE

ULTIMATE EFFICIENCY

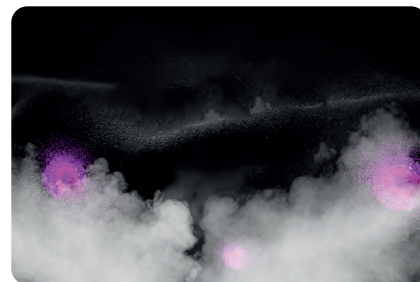

Hygiene Care

Haier's Hygiene Care system thoroughly prevents bacteria attack to create a healthy washing environment and deliver a brand-new hygiene and care experience

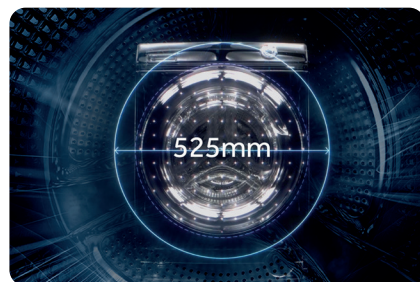

High Temperature Wash

Water is heated to 90°C for high-temperature sterilization of materials like cotton, linen, baby clothes and hospital gowns. This program can effectively kill common bacteria like escherichia and staphylococcus aureus.

Steam Wash

Haier Washing Machine diffuses steam and detergent inside the drum, relaxing the fibres of your laundry and removing stubborn dirt and stains. The steam penetrates fabrics with high temperature to leave your clothes impeccably sterilized and fresh.

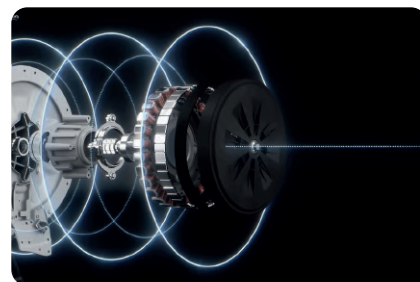

Big 525mm Drum

525mm drum diameter has larger capacity which provides bigger space for clothes to spread out during wash.

Quick Wash

Get your laundry done in less time. It only takes 15 minutes to wash items that are not too dirty.

Direct Motion Motor

Direct Motion Motor is coupled directly with drum without any belt, reducing the number of mechanical components. This offers the best experience in terms of **silence, efficiency, reliability and vibrations.**

I-Refresh

The I-Refresh function uses micro vapour technology to remove odours and reduce wrinkles without any water contact or detergent.

Electromagnetism Lock

You can add laundry at any time during the wash cycle without any delay so as to save time and simplify your laundry day

Rat Guard Base Plate

Rat guard base plate offers more protection from rat bites

HWD100-B14979S

10kg Washer / 6kg Dryer Automatic Front Load Washing Machine Silver

- Extra large drum
- Inverter Motor
- Pillow drum for delicate fabrics
- iRefresh
- Drum light
- Anti-Bacterial Treatment
- Automatic weight detection
- 3 Drying Modes
- Automatic cleaning system
- Direct Motion Motor
- Adjustable cycle duration

FLA10V929S

10kg Automatic Front Load Washing Machine Silver

- Extra large drum
- Inverter Motor
- Wave Drum
- Delicate and Spot Wash
- Direct Motion Motor
- End Delay
- Anti Bacterial Treatment ABT
- Dual Spray
- Electromagnetism Lock
- LED Display

FLA08V929S

8kg Automatic Front Load Washing Machine Silver

- Extra large drum
- Inverter Motor
- Wave Drum
- Delicate and Spot Wash
- Direct Motion Motor
- End Delay
- Anti Bacterial Treatment ABT
- Dual Spray
- Electromagnetism Lock
- LED Display

TLA08GP

8kg Automatic Top Load Washing Machine

Grey

- One touch
- Anti-bacteria pulsator
- Strong water flow
- Soak program
- Child lock
- Rat-guard baseplate
- LED display
- Smart memory
- Tub dry function

TLA07GP

7 kg Automatic Top Load Washing Machine

Grey

- One touch
- Anti-bacteria pulsator
- Strong water flow
- Soak program
- Child lock
- Rat-guard baseplate
- LED display
- Smart memory
- Tub dry function

TLSA13AD

13kg Semi Automatic Top Load Washing Machine

White

- Soak Master
- Rain/Dry Season Spin Program
- Basin Pulsator Technology
- Low Energy Consumption
- Water & Electricity Separating
- Strong & Durable Components

TLSA10AD

10kg Semi Automatic Top Load Washing Machine

White

- Soak Master
- Rain/Dry Season Spin Program
- Basin Pulsator Technology
- Low Energy Consumption
- Water & Electricity Separating
- Strong & Durable Components

TLSA08AD

8kg Semi Automatic Top Load Washing Machine

White

- Soak Master
- Rain/Dry Season Spin Program
- Basin Pulsator Technology
- Low Energy Consumption
- Water & Electricity Separating
- Strong & Durable Components

TLSA06GRY

6kg Semi Automatic Top Load Washing Machine

White

- Soak Master
- Rain/Dry Season Spin Program
- Basin Pulsator Technology
- Low Energy Consumption
- Water & Electricity Separating
- Strong & Durable Components

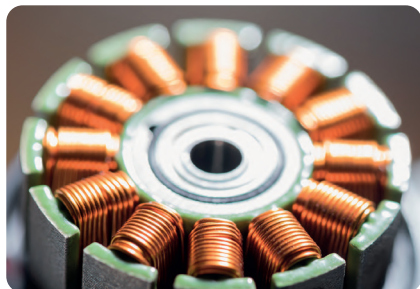

THERMOCOOL POWER SOLUTIONS

Ultimate Power when you need it

ULTIMATE POWER ULTIMATE CAPACITY ULTIMATE EFFICIENCY

100% Copper Coil

Experience greater load handling capacity and extended service life.

Automatic Voltage Regulator

Enjoy full protection of your appliances from voltage fluctuation.

Superior Loading Capacity

Experience greater loading power with our generators' greater loading ability.

Fuel Efficient

Take advantage of extra saving with our optimized carburetors.

Remote Start/Off

Enjoy easy starting and stopping of your generator from the comfort of your room.

Digital Meter Display

Relish the bold status display with our digital voltage/frequency/run time & load level Meter.

Nationwide Aftersales Support

Low Emmissions

ULTIMATE 12000RS

10kVA Petrol Generator

Yellow
3 Month Warranty

- 100% Copper Coil
- Digital Voltage-Frequency-Time-Load Display
- Automatic Voltage Regulator (AVR)
- Remote Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

ODOGWU 10000RS

8.45kVA Petrol Generator

Yellow
3 Month Warranty

- 100% Copper Coil
- Digital Voltage-Frequency-Time-Load Display
- Automatic Voltage Regulator (AVR)
- Remote Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

IGWE 8500ES

7.5kVA Petrol Generator

Yellow
1 Month Warranty

- 100% Copper Coil
- Digital Voltage-Frequency-Time-Load Display
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

OGA 7500ES

6.25kVA Petrol Generator

Yellow

- 100% Copper Coil
- Digital Voltage-Frequency-Time-Load Display
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

HUSTLER 4800ES

4.15kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

HUSTLER 4000ES

3.75kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

HUSTLER 4000MS

3.75kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

3.75kVA Petrol Generator

Blue

- 100% Copper Coil
- Digital Voltage-Frequency-Time Display
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

OPTIMA 2800ES

2.5kVA Petrol Generator

Blue

- 100% Copper Coil
- Digital Voltage-Frequency-Time Display
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

BOBO 2800ES

2.5kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Button Start
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

BOBO 2800MS

2.5kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

JUNIOR 1500MS

1.25kVA Petrol Generator

Yellow

- 100% Copper Coil
- Automatic Voltage Regulator (AVR)
- Fuel Efficient
- Lower Noise
- Superior Loading Capacity

TR-5000D

5000W Voltage Stabilizer

Black

- Digital Display.
- High Voltage Protection.
- Overload Protection.
- Delay start (6s/180s).
- Cooling fan.
- Wide Input Voltage Range.

TR-2000D

2000W Voltage Stabilizer

Black

- Digital Display.
- High Voltage Protection.
- Overload Protection.
- Delay start (6s/180s).
- Cooling fan.
- Wide Input Voltage Range.

KITCHEN SOLUTIONS

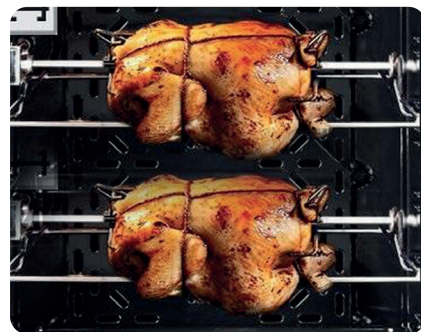

Comfort in the Kitchen

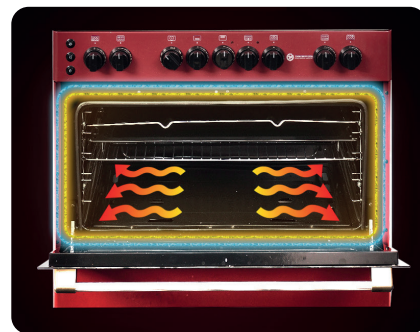

3-Directional Turbo Burners

Cook food faster

Oven cavity with Double Rotisserie

Over 100Ltr oven capacity, that allows up to 4 whole Chicken grilling at once.

Energy Saving Oven Insulation

High quality oven cavity heat containment insulation prevents heat loss and ensures foods bake faster

Flame Guard Technology

Shuts down unintended gas supply automatically.

Double Safety Knobs

with 2-step push and twist mechanism to prevent accidental ignition.

High-Grade Stainless Steel

resistant to corrosion makes cooker last longer.
